

## Testing time - making the laboratory your friend!

Event title	Testing time – making the laboratory your friend!
Venue	Ramada Jarvis Hotel, Clayton Lodge, Newcastle-under-Lyme.
Target audience	Primary Care Healthcare professionals.
Objectives	Highlight the work of laboratory and update the clinicians and nurses on the developments of all the 'ologies'.
Age range	21 - 70
How was the event advertised?	GP newsletter.
Number attending	80
Booking required?	Yes.
Length of event	1.5 hours.
Refreshments provided?	Yes.
Equipment needed	<ul style="list-style-type: none"><li>Laptop.</li><li>Projector.</li></ul>
People needed	One presenter from each department and an event coordinator.
Printed material used	One A4 information sheet with contact details.
Room set up	
Event programme	
Possible variations	N/A
What did the audience particularly like?	They enjoyed the fact that people from the lab actually set up a liaison session and were informed of the people to contact.
What surprised the audience?	How much testing has changed over the years and that they need to consider the implications of the tick box affect.
What else would the audience have liked?	Probably more time for discussion at the end.
How much preparation was involved?	<ul style="list-style-type: none"><li>Each 'ology' had to prepare a 10 minute presentation and a summary sheet was organised.</li><li>Liaison with seminar organiser to arrange the venue.</li></ul>
Any other comments?	This event worked well, was appreciated by the GP's and will hopefully be repeated.
